

"الملتقى الدولي الثالث حول الجبر التطبيقي"
**The 3rd International Conference On Applied
Algebra (ICAA'2015)**
April 28-30, 2015

Aims and Scope:

The 3rd International Conference on Applied Algebra is a part of the promotion of applied algebra, which follows the 1st Algebraic days JAAJ'09 organized by Jijel University in November 2009 and the 2nd Algebraic days JIAAR organized by Msila University in November 2011.

The aim of the conference is discussing the latest developments and researches in the field of applied algebra and some related topics. This International Conference will also help to introduce our young researchers in various areas of algebra and its applications.

The interest areas of the conference include, among others, the following topics:

1. Fuzzy set theory, Non-Classical Logic and Applications.
2. Aggregation functions, Aggregation functions for extensions of fuzzy sets.
3. Number Theory and Arithmetic.
4. Group Theory.
5. Computer Algebra, Coding Theory and Cryptography.

Registration and Abstract submission:

Participants have to submit an extended abstract of their talk (*) by e-mail to: icaa2015@gmail.com before: 31/03/2015.

(*): The extended abstract should be in format LaTeX + Pdf, [1-2] pages and contain the title, followed by names, affiliations, e-mails of authors (the communicating author's name should be underlined), the key words, short summary of the main results and some references.

Important Dates:

Extended abstract submission: March 31th, 2015

Acceptance/rejection notification: April 10th, 2015

Conference fee: 3000 DA (includes accommodation for 3 nights: April 27 - 29, 2015)

In collaboration with:

LMPA

Laboratory of Pures and
Applied Mathematics

**The 3rd International Conference on Applied Algebra
ICAA'2015
April 28-30, 2015**

Committees

Honorary Chair: L. Abbaoui (President of the University)

Programme Chair: A. Boudaoud (Dean of the faculty)

Organizing Committee

Organizing Chair: A. Amroune (Prof./ Dept. of Mathematics)

Co-organizing Chair: L. Zedam (Prof./ Dept. of Mathematics)

C. Mihoubi / Head of Dept. of Mathematics

O. Barkat / Dept. of Mathematics

S. Milles / Dept. of Mathematics

A. Gasmi / Dept. of Mathematics

B. Ziane / Dept. of Mathematics

B. Zebda / G. S. of the faculty

Coordinators: F. Himer and A. Mimoune (Administrators)

Local Scientific Committee

A. B. Adda / University of Oran

A. Amroune / University of Msila

F. Bencherif / USTHB

M. Benoumhani / University of Msila

A. Boudaoud / University of Msila

A. Boukaroura / University of Setif

D. Bounabi / University of Setif

S. Bouroubi / USTHB

M. Kerada / University of Setif

N. Midoune / University of Msila

C. Mihoubi / University of Msila

D. Mihoubi / University of Msila

L. Noui / University of Batna

N. Touafek / University of Jijel

N. Trabelsi / University of Setif

L. Zedam / University of Msila

International Scientific Committee

B. De Baets Prof. / University of Ghent
(Belgium)

J. Tarad Dr. / University of Ghent
(Belgium)

E. Rak Prof. / University of Rzeszow
(Poland)

P. Drygas Prof. / University of Rzeszow
(Poland)

B. Davvaz Prof. / University of Yazd
(Iran)

M. Hanafi Prof. / Engineer School of
Nante (France)

I.V. Den Berg Prof. / University of Ivora
(Portugal)
