

People`s Democratic Republic of Algeria
Ministry of Higher Education and Scientific Research
University Mohamed Boudiaf of M'sila
Faculty of Sciences
Department of Physics

In collaboration with Laboratory of Physics-chemistry of Materials (LPCM)

Organize

**The 1st National Conference on
Energy Transition in Algeria**

CNTEA1 -2020

M'sila, March 8-9, 2020

Honorary Presidents

Pr. BADDARI Kamel

Rector of University Mohamed BOUDIAF of M'sila

Pr. BENSACI Ettayib

Dean of Faculty of sciences

Conference Chairman

Dr. SALMI Mohamed

Scientific Committee Chairman

Dr. TALOUB Djedid

Organizing Committee Chairman

Dr. BOURAS Abdelkarim

Presentation

For Algeria, the commitment to convert energy consumption from fossil sources to renewable sources is a strategic choice. Through its policy of openness to society, Mohamed Boudiaf University of M'sila along with the Algerian universities, is currently preparing to play a strong role in the national initiative to spread the culture of exploiting of solar energy, in this perspective, the 1st national conference on energy transition in Algeria (CNTEA1-2020) organized by the physics department at the Faculty of Sciences with the laboratory of physics-chemistry of materials is dedicated to university researchers, energy specialists and industrials in the renewable energy sector and their applications. **CNTEA1-2020** aims to promote exchanges and contribute to the promotion and development of renewable energies.

The overall agenda for the 1st national conference on energy transition in Algeria (**CNTEA1-2020**) will tackle the following topics; take stock of the state of progress of research work and applications in this field, create links between researchers and to allow a better knowledge of scientific societies in the field of renewable energies, program of achievements in renewable energies, and also to grant an opportunity to researchers, academics and industry to exchange technical and scientific information, likely to be used by research and industry. Conference activities include plenary sessions, oral communications and posters.

CNTEA1-2020

Topics :

- ✓ Renewable energies in Algeria
- ✓ Energy storage
- ✓ Flow and heat transfer
- ✓ Photovoltaic materials.

The abstract to be submitted shouldn't exceed 350 words, the titles and the text character 12 in TNR, the authors, and the co-authors (names and surnames) character 10 in TNR italics, please underline the main author.

The abstract accompanied by the completed registration form must be sent by email to:

CNTEA1-2020@univ-msila.dz

Registration Form
Last name :
First name:
Title
φ Lecturer / Researcher
φ PhD Student
φ Socio-economic actors and other
Organization / Institution:
Address :
Phone: Fax: ..
E-mail ;,.....
Want to participate in CTE A1- 2020
Thème de la communication:
.....
Title of the Communication / Poster:.....
.....
.....
.....
Registration Fees
Lecturer / Researcher : 8000 DA
PhD Students: 5000DA
Socio-economic actors and other : 10000 DA
Fees cover scientific documentation, Lunches and coffee breaks
