

Mohamed Boudiaf University of M'sila
Faculty of Mathematics and Computer Science

Department of Mathematics

Laboratory of Pure and Applied Mathematics

The First National Conference on Discrete Mathematics and Applications (NCDMA'2025)

Novembre 26-27, 2025, M'sila, Algeria

Honorary Chairs : A. BOUDELLA (President of the University)

B. NOURI (Dean of the faculty)

General Chair : L. ZEDAM

Committees:

President of the Scientific Committee: A. BOUDAUD

President of the Organizing Committee: N. GHEDBANE

Aims and Scopes:

The aim of the conference is discussing the latest developments and researches in the field of Discrete Mathematics and some related topics. This National Conference will also help to introduce our young researchers in various areas of Discrete Mathematics and Applications.

The interest areas of the conference include, among others, the following topics:

T1 : Group Theory and Applications,

T2 : Number Theory and Arithmetic,

T3 : Fuzzy sets theory and applications,

T4 : Graph Theory, Coding Theory and Cryptography.

Submission:

Authors are invited to prepare their papers written in English, and follows the submission instructions given on the following link ncdma2025.sciencesconf.org

Extended abstract submission: October 10th, 2025

Acceptance/ Rejection Notification: November 05th, 2025

Conference Days: November 26-27th, 2025

Registration Fees:

PhD Students: 1500 DA

Faculty members and researchers: 4000 DA
