The event will introduce participants to the MSCA programme under Horizon Europe, explain the 2026 MSCA PF call details, and provide practical guidance on how to prepare and submit competitive proposals. Participants will also receive information on how to identify hosting institutions through platforms such as EURAXESS and the Funding & Tenders Portal, as well as tips and tricks for successful proposal writing. The session will additionally include a success story from Algeria and an interactive Q&A discussion. The event is organised by the MSCA-GLOPOL project with the support of the European Commission.
